Description

We are looking for a strong **Senior JavaScript Engineer** to join our company. You'll be joining a skilled team of engineers building a unique product for financial data reporting. Greenfield project with a mixed tech stack and microservice architecture.

We are looking for a person who is primarily an engineer who likes complex algorithms. We are not looking just for a React developer. We are talking about a project where you will learn and ship a world-class, unique solution. You will play a role in development using JavaScript, TypeScript, React, Redux, Redux Saga, PostgreSQL, and working with Node Js occasionally. Java, Spring, and Spring Boot knowledge would be a huge plus. Your main focus would be working in a team that works on very specific components in the application. You should have an exceptionally strong understanding of JavaScript (structures, performance, etc.)

Key Responsibilities:

Development: coding, PR review, Scrum ceremonies, mentoring others, etc.

Job Requirements:

- Bachelor's or Master of Science.
- 4-8 years of experience in software development.
- Working experience with: Javascript

(Good/Expert level), React+Redux+Redux Saga+Typescript, NodeJS, advanced HTML, EC6 (Expert level), application monitoring, Agile delivery (Scrum of Scrums), PostgreSQL, Redis.

- Experience working with large-scale cloud-based applications (Azure).- Experience with Client interaction.

What we offer:

- Opportunity to be part of a global organization.
- Encouraging working atmosphere, engaging activities, and extra benefits (e.g., additional medical insurance (covers gym subscription), team events, outreach activities, and others).
- Hybrid work model with remote work opportunities (3/5 days weekly from the office).
- Open, modern, and ergonomic work environment when working from the office with the multicultural community.
- Opportunity to grow professionally and personally (e.g., Udemy) and continuously develop within the domain.

The salary range for this position is from *4.485 to 5.950 EURO gross before taxes.*The salary offer for the candidate is determined based on the predefined salary ranges for the position and depends on the level of competence and experience of the candidate.
