Aprašymas

Our client - **Kesko Senukai Digital** is an e-commerce company (a part of Kesko Corporation), operating online stores in Lithuania, Latvia, Estonia. They provide thousands of people with construction, household, electronics, interior, cosmetics&parfume, garden and leisure goods to help them make their house into a home. They are a team of young professionals who are excited for new challenges and continuous training. They are a family. They value opinions, share our diverse interests and ideas each Friday with a cup of coffee and doughnut in hand.

As a Senior Android developer you will:

- Translate designs and wireframes into high-quality code
- Design, build and maintain high performance, reusable, and reliable Java code
- Ensure the best possible performance, quality, and responsiveness of the application
- Identify and correct bottlenecks and fix bugs

Requirements:

- At least 4 years of experience in programming
- Strong knowledge of Android SDK, different versions of Android, and how to deal with different screen sizes

- Familiarity with RESTful APIs to connect Android applications to back-end services
- Strong knowledge of Android UI design principles, patterns, and best practices
- Ability to design applications around natural user interfaces, such as “touch”
- Familiarity with cloud message APIs and push notifications
- Proficient understanding of code versioning tools, such as Git, Github

Nice to have:

- Experience in e-commerce
- Experience in RxJava, continuous integration
- Knowledge of the open-source Android ecosystem and the libraries available for common tasks
- Experience with offline storage, threading, and performance tuning

Company offers:

- A position in an international, market leader company
- Learning opportunities and professional growth
- Young, professional and friendly team
- Health Insurance
- Company discounts
- Additional vacation days
- Additional payments/gifts on different occasions
- Competitive, performance-related salary
