Description

What we are looking for:

We are an EU licensed transactional banking, eMoney & payments institution. We've fused regulation, technology and banking into a seamless platform that delivers identity verification, payment processing, eMoney bank accounts and settlement for our merchant customers based in the EU and Australia. We have development centers in Cyprus, Lithuania, Melbourne and Sydney.

iSignthis is a principal member of Mastercard, JCB, Amex, ChinaUnionpay, SWIFT and SEPA, with a number of APM's including Poli, Sofort, Alipay, WeChat and Trustly.

Uniquely for a financial institution, we have written our own CORE, identity and processing platforms, and are looking for exceptional DevOps Engineers to work on existing and new projects heavily leveraging the Azure cloud offering and containerization based on .NET CORE.

We encourage candidates to apply who have an interest in transactional banking, payments, security,

infrastructure as code, azure and containerization to apply.

We are looking for motivated and experienced join our team in Vilnius Lithuania
